SÆPLAST is a world leader in development and manufacturing of plastic containers and pallets for use in all sectors of the global food industry. Our vast range of quality products are your passport for a safe journey.

SÆPLAST has production facilities in Iceland, Spain, China, Canada and India. We are proud to offer our customers global service and competitive product warranty.

SÆPLAST has operated in SE-Asia for over a decade and we opened a production unit in Taicang, China in 2013. The SÆPLAST production facility in China represents a very large step in improved service for our Asian and local Chinese customers. We firmly believe that SÆPLAST tubs will play an important role in optimizing supply chains and increase food safety in the region.

Fit for Food	SÆPLAST has achieved the toughest and most stringent EU standard. We comply with EC 2023/2006, EC 1935/2004, PIM and GMP.
FDA/USDA	We only use FDA and USDA approved virgin raw materials.
China GB	We comply with GB raw material regulations in China.
ISO 9001	Quality system verified by international standard.
